Scart DVB-T Receiver

Item No.:3016

Thanks to this small terrestrial DVB-T receiver you have got a possibility to receive digital TV directly on your TV. Just connect the receiver to your existing Scart connector on TV. Simple and clear menu navigation enables an uncomplicated manipulation. If you like, you can compile your own program list of your favorite stations. Besides, the device has got a video text function and EPG (electronic program guide). The USB interface enables connection of multimedia peripheral devices, such as USB stick, MP3 player, external hard disk, etc. for playback of video of MPG1, MPG2, MPG4, DivX formats directly on your TV device. Of course, recording on all listed peripheral devices is possible.

Specifications:

DVB-T standard: MPEG-2
 Frequency range: UHF (430-858 MHz), VHF (147-429.9 MHz)
 Time-shift function (time-shift television)
 Real time and time-controlled recording possible through USB interface
 90° adjustable
 Programmable favorite lists
 More than 3000 program locations
 Automatic and manual search for programs
 7 days of electronic program guide (EPG)
 Picture in graphic function (PiG Picture in Graphic)
 Legal protection for children and young persons for several programs
 Automatic switching over between PAL and NTSC
 5 event timer: switching off / once / every day / every week / every month
 256 colors OSD on-screen display with more languages
 Subtitle: DVB EN300743 and EBU
 Teletext support: DVB EN300742 of VBI
 Wide program editi

Computer & Electronic / PC-Accessoires

USB DVB-T TV-Stick

Item No.:3035

This DVB-T stick is excellent for the TV on the road with the notebook. The small TV tuner is built in a very compact way; it weighs only some grams and fits in any pocket. It is also really suitable for stationary use. Compared to TV tuner plug-in card it is much easier to install: you don't have to screw the PC on, just put the DVB-T stick in a free USB slot and install the necessary drivers and the included TV software. It lasts mostly only five to ten minutes till the TV receiver is ready for use.

Specifications:

Supports Windows 2000, XP, Vista, 7 32bit
 Full DVB-T bandwidth (6/7/8 MHz)
 Screenshots possible
 Program recording
 Supports picture-in-picture functions
 Supports EPG (Electronic Program Guide)
 Supports teletext

Included in delivery:

TV-stick
 Antenna
 Installation CD
 USB cable
 Remote control

Xoro HRS 8750 CI+ DVB-S2 Receiver with CI+

After the introduction of the HRS 8700 CI follows now the Xoro HRS 8750 CI+. This Set top box combines a high definition DVB-S2 receiver with CI+ Interface and a modern recorder in one device.

Watching Pay-TV is no problem anymore, insert your Pay-TV card with the related CI+ or CI module into the CI+ Interface and enjoy them.

It Records directly the digital TV in HD or SD on USB storage like USB-Sticks. The HRS 8750CI+ is PVR Ready. Additionally, like every modern Recorder the HRS 8750 CI+ supports the Time-Shift Function if a USB storage is connected.

The powerful HD Media Player supports playback of modern Video Formats up to 1080p.

Specifications:

DVB-S2 Receiver for digital HD television by Satellite

CI+ Interface for CI+ and CI Modules

Usable for HD+ with CI+ Module and HD+ Pay-TV Card

2x USB 2.0 High Speed port for connection USB storages

(1x USB at the Front Panel, 1x USB at the Rear Panel)

PVR Ready, records HD or SD DVB-S broadcast on USB storage

Electronic Program Guide (EPG) and Videotext

Time-Shift Function by connected USB storages

HDMI port — Supports video output of 1080p

Powerful HD Medioplayer - supports MKV-Files

Supports FAT32 & NTFS File System

Computer & Electronic / Consumer Electronic / DVB-T

USB DVB-T TV-Stick MINIItem No.:9362

This DVB-T stick is excellent for the TV on the road with the notebook. The small TV tuner is built in a very compact way; it weighs only some grams and fits in any pocket. It is also really suitable for stationary use. Compared to TV tuner plug-in card it is much easier to install: you don't have to screw the PC on, just put the DVB-T stick in a free USB slot and install the necessary drivers and the included TV software. It lasts mostly only five to ten minutes till the TV receiver is ready for use.

Specifications:

Supports Windows 2000, XP, Vista, 7

Full DVB-T bandwidth (6/7/8 MHz)

Screenshots possible

Timeshift Funktion

Program recording

Supports picture-in-picture function

Supports EPG (Electronic Program Guide)

Supports teletext

Xoro Tragbarer DVD-Player mit DVB-T & Media Player (HSD 7799)

Der neue Xoro HSD 7799 vereinigt TV und DVD-Player in einem tragbaren Gerät. Mit dem DVB-T Empfangsteil kann überall dort ferngesehen werden, wo der Fernsehstandard DVB-T unterstützt wird. Über den USB Anschluss bzw. Kartenleser können Videos, Bilder oder Musik von einem Speichergerät wiedergegeben werden. Darüber hinaus ist der HSD 7799 auch noch ein tragbarer DVD-Player.

Durch sein frisches, zweifarbiges Design setzt sich der Xoro von der großen Masse an schwarzen Geräten ab. Seine Oberfläche ist weniger empfindlich gegenüber Kratzern und Fingerabdrücken. Zugeklappt ist das Display des HSD 7799 gut geschützt – aufgeklappt kann es um 180° gedreht werden. So verwandelt sich das Gerät zum schlanken Video-Tablet.

Im Vergleich zu vielen anderen Geräten in seiner Klasse wurde beim HSD 7799 nicht am Display gespart. Mit seinen 800x480 Pixeln liefert der 22,8cm Bildschirm farbenfrohe und scharfe Bilder.

Specifications:**Allgemeine Daten:**

Easypix EasyPad 730 Satellite 3G - 7 Zoll Touchscr/WLAN/Android 2.3

EasyPad 730 Satellite 3GInspired design
Lighter, more beautiful, more intuitive.

The EasyPad weighs only 430 gram and is 11 millimeter thin. When using the Pad for the first time you will instantly feel how good it fits the hand. One finger's touch on the brilliant 7" high-end capacitive display leads you into a digital world of internet and apps.

High 5!

Technology sometimes feels like magic.

Lay your fingers on the capacitive 5-point multi-touch display and control the Pad as natural as never before. The g-sensor detects every turning, tilting and tipping of the Pad and adjusts the screen correctly.

Let's rock it!

Strong computer power for games and apps.

The 1.2 GHz Rockchip CPU makes the EasyPad run on full speed.

The power of the chip allows impressive games and is noticeable all the time.

You will feel the speed while you are multitasking as well as when you are working or fast changing between two apps. You will love this Pad.

Business & Entertainment

Business or pleasure? You will love both!

The EasyPad 730 3G Satellite offers a perfect, complete package of applications:

You can write e-mails, skype and make videochats with two cameras.

That's the way communication becomes fun. After work you can relax and surf through the social networks, play HD videos and listen to music.

Even flash based websites get displayed in best quality by the EasyPad.

We've taken care of everything that matters.

Battery? Works!

15 hours of music, 7 hours of internet, 5 hours of videos.

The EasyPad730 Satellite 3G has a really strong battery. Skip annoying waiting time: listen to full concerts, start a TV show marathon or play games for hours.

The battery still works.

Easypix EasyPad 740 - 7 Zoll Multi-Touch-Screen/WLAN/Android 2.3

The EasyPad weighs only 430 gram and is 11 millimeter thin. When using the Pad for the first time you will instantly feel how good it fits the hand. One finger's touch on the brilliant 7" high-end capacitive display leads you into a digital world of internet and apps. Lay your fingers on the capacitive 5-point multi-touch display and control the Pad as natural as never before. The g-sensor detects every turning, tilting and tipping of the Pad and adjusts the screen correctly.

The 1.2 GHz Rockchip CPU makes the EasyPad run on full speed. The power of the chip allows impressive games and is noticeable all the time. You will feel the speed while you are multitasking as well as when you are working or fast changing between two apps. You will love this Pad. The EasyPad740 has a really strong battery. Skip annoying waiting time: listen to full concerts, start a TV show marathon or play games for hours. The battery still works.

Specifications:

Asus 24" Widescreen TFT Monitor (24T1E / black) + DVB-T

With the Asus T1 series expands its monitor portfolio with TV-24 inch TFTs, which can quickly turned from an office monitor into a TV room. This is due to the integrated digital DVB-T receiver and the analog PAL or SECAM ports on the back of the monitors. Using the included remote control, you can only by a click switch between the normal PC mode to TV mode. For spectacular cinematic experience, the T1 models have two HDMI ports, a fast response time of 5 milliseconds and a full HD resolution of 1,920 x 1,080 pixels.

Two integrated seven watt stereo speakers complete the entertainment fun with the newcomers and provide a superior sound experience. Thus, the smart all-rounder is suitable for all who want a single device for quick access to all major applications, and in the same time enjoy the full TV functionality. As a secondary device in the child and for the modern living room or home office, the Asus T1 series makes the difference and it's distinctive look, the exquisite piano lacquer, will make everywhere a good figure.

Specifications:

Screen Size: 24 inches
 Screen Size: 60 cm
 Resolution max. 1,920 x 1,080 pixels

Xoro HTC 2433 Full HD Super Slim LED TV with DVB-T and DVD-Player

Die neuen Xoro Super Slim LED-TV HTC 2433HD sind dank HD DVB-T Tuner für den Empfang von digitalem Antennenfernsehen ausgerüstet.

Die HTC xx33er Serie gehört zu den dünnsten Fernsehern mit eingebautem DVD-Laufwerk.

Highlight ist natürlich die PVR Ready & Time Shift Funktion. Sie können DVB-T Sendungen auf einem USB Speicher aufnehmen.

Mit dem integrierten HD Media Player können Sie nicht nur Ihre aufgenommen Sendungen sondern auch Videodateien von USB-Speichern abspielen - seien es nun MKV, AVI, MPG oder ähnliche Formate. Moderne Video Codecs wie MPEG4 AVC (H.264) werden unterstützt. Der Mediaplayer liest die Dateisysteme NTFS und FAT32.

Specifications:

Full-HD LCD TV mit 16:9 Seitenverhältnis
 Super Slim Design: Nur 4,5cm Bildschirmtiefe - trotz DVD Laufwerk!
 HTC 2233 HD = 54,6cm - HTC 2433HD = 59,9cm (Bildschirmdiagonale)
 LED Hintergrundbeleuchtung für niedrigen Energieverbrauch und hervorragende Bild-qualität
 HD DVB-T: Empfängt digitales Antennenfernsehen (MPEG 2 & MPEG 4 h.264)
 Common Interface
 Integrierter MPEG-4 DVD-Spieler
 Superdünnes, langlebiges DVD Laufwerk (Slot-In Technologie)
 PVR Ready - Nimmt DVB-T Sendungen auf USB Speichermedien auf
 USB Anschluss für Aufnahme (PVR Ready & Time-Shift) & Medienwiedergabe
 Leistungsfähiger HD Media Player - unterstützt MKV-Dateien
 2x HDMI - Verarbeitet Videosignale bis 1080p
 Analoger TV Tuner mit Teletext
 Spannungsv

Easypix PixPocket Digital Photo Scanner

Digital Scanner PixPocket As its name suggests, this new scanner not only fits in every pocket, but it is also a real help in scanning photos and business cards. In just a few seconds, all information is being stored on an SD card and ready for transfer to a medium of your choice:

Digital Photo Frame, PC, laptop, etc
And here is the absolute highlight:

Thanks to the included OCR software, all information will be identified on business cards and according to the categories - names, addresses, web page, etc. - sorted and stored in an Excel file.

No need for typing and sorting:
PixPocket does it all!

Specifications:

Digital Scanner for Photos and Name Cards
Size 5x5 - 10x15 cm
Scan in less than 10 sec.
Scan resolution 300 dpi

Easypix DVC 527 HD Focus (Black)

Item No.:3175

HD is the be-all and end-all at present.
Why? Because it just looks better.

With our camcorder "Focus" you can shoot videos in a quality never seen before and with a level of detail that will amaze you. Thanks to 4x digital zoom and a resolution of up to 1280x720 pixels your videos have a completely new quality. With the included HDMI cable you can immediately transfer your films to a television set or computer and watch them. Memories in HD, those are memories in maximum resolution. You'll love the difference.

Easypix DVX 5233 Optimus Full HD

Item No.:5714

DVX5233 "Optimus" Films in HD quality simply look better. When do you shoot your first HD film? The DVX5233 "Optimus" is the right camcorder to do so, because it shoots videos in a resolution of 1920 x 1080 pixels, which is full HD quality. To guarantee an optimal quality "Optimus" is equipped with a 5 MP sensor and offers 23x optical and 120x digital zoom. Totally new possibilities open up by the slow motion and 24-hour time lapse modes. These modes are able to shoot things which are too fast or too slow to be recorded in the normal frequency. Leave your creativity free run during filming. A good handling was also very important to us so we invented an electronic stabilization technique which puts an end to blur videos. Did you become curious? Then don't miss out this highlight.

Specifications:

1920 x 1080 full HD Video Recording
720p 60 FPS Video
3" / 7,6 cm 16:9 Touch LCD

Easypix DVX 1035 Premium Full HD

Item No.:5779

DVX1035 "Premium" High demands to quality and design combined with the best technology is the concept of the DVX1035 full HD "Premium".

Easypix's new top-of-the-line model has everything what professionals expect from a camcorder. Thanks to the resolution of 1920 x 1080 pixels the videos are clear, sharp and full of details. The 10 MP CMOS sensor and 10x optical and 100x digital zoom guarantee an optimal image quality.

The Slow Motion filming mode with 240fps enables you to shoot movements which are too fast for the human eye. The other way around is possible because of the time lapse function. In this mode the camcorder records slow events like a sunset. These technologies bring your films as close to Hollywood as never before.

Of course "Premium" offers more than only good inner values.

The design is sporty, chic and always cut a fine figure. The camcorder fits perfectly into the hand and the large-scale, unique 3,5" display makes the operation especially comfortable. This is how a camcorder should be.

Specifications:

Easypix V527 Diamond

More than just a camera, "Diamond" is a successful symbiosis of jewelry and gadget.

This accessory will make you shine on every occasion, thanks to the ca. 400 rhinestones, which are attached manually and create the camera's unique design.

Diamonds shouldn't be hidden in a bag and therefore our camera is worn directly around the neck, by using the elegant neck strap. Wearing this camera will give your outfit that certain something.

Who shines so brightly needs an adequate packaging, thus we lay down this camera in a luxurious casket, on a bed made of black velvet. The camera is cloaked by a small velvet bag with a sparkling pendant. Make yourself a present, or present someone really special.

The "Diamond" makes of course also great pictures. This becomes obvious by having a look on to the technical details:

Asus 24" Widescreen TFT Monitor (24T1E / black) + DVB-T

With the Asus T1 series expands its monitor portfolio with TV-24 inch TFTs, which can quickly turned from an office monitor into a TV room. This is due to the integrated digital DVB-T receiver and the analog PAL or SECAM ports on the back of the monitors. Using the included remote control, you can only by a click switch between the normal PC mode to TV mode. For spectacular cinematic experience, the T1 models have two HDMI ports, a fast response time of 5 milliseconds and a full HD resolution of 1,920 x 1,080 pixels.

Two integrated seven watt stereo speakers complete the entertainment fun with the newcomers and provide a superior sound experience. Thus, the smart all-rounder is suitable for all who want a single device for quick access to all major applications, and in the same time enjoy the full TV functionality. As a secondary device in the child and for the modern living room or home office, the Asus T1 series makes the difference and it's distinctive look, the exquisite piano lacquer, will make everywhere a good figure.

Samsung 21,5 Zoll LED Monitor (Syncmaster S22A200B)

Der SyncMaster S22A200B LED bietet einen preisgünstigen Einstieg in die Klasse der Samsung LED-Business-Monitore in dezent matt-schwarzem Design. Das 54,61 cm (22 Zoll) große Full HD TN-Panel überzeugt mit einer sehr geringen Leistungsaufnahme, die durch die Funktion ECO Saving weiter auf Knopfdruck bequem reduziert werden kann. Somit ist der SyncMaster S22A200B LED ein echter Stromsparkünstler. Durch sein Netzeil, welches als Verbindungsstück zwischen Fußplatte und eigentlichem Display dient, wird zudem der Schreibtisch aufgeräumt. Per vorhandener VESA Bohrungslöcher kann dieses Modell problemlos an eine Wand montiert werden.

Verbatim HDD extern 2,5 incl 1TB (53016)

Item No.:3890

The Verbatim USB 2.0 portable hard drive is the ideal storage solution for people on the move. Combining the large capacity in a light weight drive makes it perfect to carry with you.

Store and carry your digital and day to day working files on this truly mobile drive. Its stylish smooth design sits neatly on the modern desk top as the perfect accompaniment to your laptop.

The Verbatim portable hard drive is USB 2.0 bus powered (1 x USB 2.0 interface) and requires no external power for operation; simply plug 'n' play.

Store 'n' Go Portable Hard Drives are formatted in FAT32 enabling you to use them on Windows OS and Mac OS systems.

For added security Nero BackItUp and Burn Essentials software is provided to help back up your laptop or PC's hard drive. BackItUp and Burn Essentials provides 3 applications in 1. Back up all your files, folders, and drives whenever you want, or schedule the auto back up to a set time for added security. Nero Express gives you the option to burn your files to CD or DVD, and with Nero RescueAgent you have an option to recover files should they become damaged.

Nero BackItUp and Burn Essentials Software is compatible with Windows XP, Vista, and Windows 7 (not compatible with Mac OS).

Verbatim Store 'n' Go Portable Hard Drives also comes with Green Button energy saving software. Green Button software suspends the hard drive from spinning while not in use increasing efficiency and saving energy.

There are 3 'Sleep Setting' options. Set the suspend mode to come in after 10 minutes of use, or by increments of 10 minutes up to 120 minutes. Set the drive to suspend immediately by double clicking the Green Button icon on the desktop, alternatively you can set the drive to 'Never Suspend the disk'

HDMI High Speed cable with a 180 ° movable twist (2,0 Meter)

Item No.:4096

The HDMI cable with the 180 ° movable, flexible connectors are ideal for flat screen installations to or inaccessible environments. As LCD and plasma screens are thinner and lighter, the trend is to trigger it to mount on the wall. But most HDMI cables are very stiff and require additional space between wall and screen. Ideal for TVs, flat panel displays, projectors, DVD and Blu-ray player without HDMI connections at the bottom allow the distance between wall and screen to reduce to 3 cm.

Specifications:

Specification: High Speed HDMI
 Maximum image size: 1440p/120Hz
 Sound formats: 8 PCM, Dolby Digital, DTS, MPEG, DVD Audio, SACD, Dolby Digital Plus, TrueHD and dts-HD
 Maximum bandwidth: 10.2 Gb / s, 340 MHz
 Color space: 24 bit YUV RGB/36 bit Deep Color 30, 36 and 48 bit RGB / YUV color space xvYCC (IEC 61966-2-4)
 Connector Type: Type A
 Shielding: Multiple shielding (foil and braid)
 Contacts: Gold
 Insulation resistance: 20M Ohm =
 Contact resistance: = other: CEC support, test for cable lengths, lip-sync

Reekin Headset Anaconda (silver/blue)

Item No.:9766

Reekin Anaconda HS-001 is a modern, high quality headset, designed for maximal capacity. The headset provides an accurate and powerful sound, as well as optimal voice quality – due to a noise-cancelling microphone. In addition, the device is provided with volume control and mute function. It is ideal for both professional office communications as well as for personal application, such as Internet telephony, interactive games or playing music. The adjustable headband allows the optimal adaptation to your head shape and the more than 120° adjustable microphone – an optimal positioning. In addition, the headband can be folded, that is an ideal solution during travelling. The headband and the earphones are comfortably padded out, so even during extended wearing time or daily use the user comfort is guaranteed. Connection - via 3,5 millimeter jack.

Specifications:

Speaker: Ø 40mm

Frequency response: 20-20KHz

Impedance: 320hm

Sensitivity: 100dB S.P.L at 1000Hz

Cable: ca. 2.3m

Plug Type: Ø 3.5mm Stereo

Item No.:8791

Happy Cow RC Helicopter i-helicopter for iPhone, iPad, iPod

Certainly one of the best and cheapest mini helicopter for beginners to familiarize with the RC flying. The helicopter flies very stable, can be easily controlled and landed at any place. The helicopter is controlled with three rotors (2 main rotors and a tail rotor).

You can control the helicopter in many directions. Turn up and down, forward and back as well as clockwise and counterclockwise.

The i-helicopter is equipped with a sturdy, high-quality aluminum frame and an LED light system. Control is connected via the supplied IR transmitter to the audio output of the iPhone or iPod Touch

The free app can easily be download in the AppStore . Your iPhone, iPod Touch or iPad becomes the remote control. You have the choice to control it with the motion sensors on your iPhone, iPod or iPod Touch or via the display controller. By selecting three frequency channels, 3 pilots can fly three helicopters at the same time.

The batteries of the i-Helicopters and Infrared transmitters are easily recharged using the included USB cable. Due to the extremely smooth ride, easy to use and very robust and virtually indestructible aluminum frame, your desk is the new helipad. Only a short adjustment period is sufficient and you will maneuver it perfectly .

Specifications:

Built for perfect stabilization gyroscope
Works with iPhone, iPad, iPod Touch
Intuitive controls
Helicopter-app i downloaded for free in the AppStore
Made of sturdy, high-quality aluminum
Integrated LED Lighting System
Length: 225mm
Main rotor diameter: about 195mm
Gyro system: integrated
3.7V 200mAh LiPo battery 1s (Mounted)

Computer & Electronic / Memory Cards / Compact Flash / 8GB

CF 8GB SanDisk Extreme 60 MB/s 400x Blister

Item No.:3518

Get exactly the shots you want with professional-grade SanDisk Extreme® CompactFlash® cards. With up to 60 MB/s* read/write speeds, you'll see it takes more than a great digital SLR camera to bring your ideas to life. And with up to 32GB** of space, you'll have room to capture it all in RAW+JPEG, and save the editing for later.

SanDisk engineered its Power CoreTM Controller to take whatever your camera's buffer can dish out. By distributing image data across the card more rapidly and efficiently, this card delivers professional performance.

Specifications:

WRITE PERFORMANCE: Up to 60MB/s (400x)*

READ PERFORMANCE: Up to 60MB/s*

CAPACATITY : 8 GB

UDMA: UDMA 5 enabled (works in all UDMA modes)

POWER CORE CONTROLLERTM & ENHANCED SUPER-PARALLEL PROCESSINGTM "ESP": Was invented by SanDisk to increase the card's performance level

TEMPERATURE: Tested to perform from -25°C to 85°C (-13°F to 185°F)

SPECIFICATION: Meets CFA Specification Type I Card

DURABILITY: Shock protection and RTV silicone coating added inside for protection against moisture and humidity

MicroSD 4GB Toshiba CL4 Highspeed +1 Adapter Blister/Retail

Die Transflash Memory Karte bietet durch den mitgelieferten Adapter alle Vorteile einer Standard SD Karte. Ist aber etwa 60% kleiner als die normale SD Karte. Sie wird hauptsächlich in Mobiltelefonen eingesetzt um digitale Bilder, Videos, MP3-Files oder andere Daten zu speichern. Der mitgelieferte Adapter verwandelt die Transflash Karte in eine normal große SD Karte. Die dann in allen Geräten mit Secure Digital Slot eingesetzt werden kann. 100% kompatibel mit allen gängigen Geräten wie Digitalkameras, MP3-Player, PDA usw. die auf Transflash oder SD Secure Digital Karten zugreifen! Transflash / MicroSD Karten sind bestens für den Einsatz in mobilen Endgeräten wie Handys geeignet.

Item No.:8752

SDHC 8GB Verbatim Blister (Class 10) (43961)

Verbatim SDHC (Secure Digital High Capacity, SD 2.0) Cards are designed to be used in compatible digital cameras, portable music players, camcorders, smart phones, PC's or other consumer applications. SDHC Cards use a FAT32file system, a specification that was established for applications with higher capacity needs and are especially suitable for high-quality video.

The increasing use of high-definition video, high-resolution digital photography and mobile applications demands higher storage capacity and more demanding data transfer rates. Because of this, SDHC cards guarantee a minimum sustained data transfer speed, not a maximum speed.

Verbatim SDHC Cards are fully compliant with all applicable SD standards. They also contain a write protect feature to prevent accidental erasure. SDHC cards use the same physical format as SD cards but cannot be used with SD host devices that do not comply with SDA Specifications Version 2.0.

Class 10: Guaranteed minimum data transfer rate of 80 Mbit/s (10 MByte/s).

More Green, Less Plastic.

This package contains on average 90% less plastic than previous packaging.

Specifications:

Capacity: 8GB

Write Speed: 10MB/Sec

Read Speed: 10MB/Sec

Reekin USB LED Light for Notebook

The Reekin USB light is an ideal completion of your PC or notebook to work efficiently also in case of bad lighting conditions. No more key searching in the darkness or deciphering of notes. Easy handling turns the Reekin USB light into an assistant, which you will never want to miss again. Just put the USB light to a free USB port. Ready! Thanks to the flexible goose neck every place can be illuminated if necessary. By the use of a LED, the power consumption is minimal and does not impact the runtime of your notebook noticeably. No batteries, power supplies or cables necessary.

Specifications:

Overall length ca. 450mm
Neck diameter ca. 5mm
USB 1.1/2.0 compatible
Total diameter of LED with diffusion disk ca. 10mm
Useful for computer or notebook

SkipDR Disc Repair & Cleaning System for Wii

SkipDR is widely acclaimed to be smartest solution to repairing scratched discs. The Flexi-wheel with its unique micro-friction surface scrapes from a uniform, microscopically thin layer of the disc, without violating the protective layer. These scratches are smoothed, and regenerate the protective layer of the disc, while music, DVD movies, games or data remain intact. SkipDR works so precisely, the discs can also be repaired if necessary more than one time.
Not for Playstation 3 or Blu-Ray discs suitable

Included in delivery:

- Disc repair device with flexible wheel
- regeneration liquid
- drying cloth
- cleaning solution
- microfiber cloth
- 6 AA batteries
- Manual DE, EN, FR, IT, ES, NL

21.00 EUR
a piece

DVD & Music / DVD Movies

Item No.:5883

SkipDR Disc Repair & Cleaning System for DVD & CD

SkipDR gilt branchenweit als pfiffigste Lösung zum Reparieren zerkratzter Disks. Das FlexiWheel mit seiner einzigartigen Mikroreibungsfläche schabt eine gleichmäßige, mikroskopisch dünne Schicht von der Disk ab, ohne die Schutzschicht zu verletzen. Hierbei werden Kratzer geglättet, und die Schutzschicht der Disk regeneriert, während Musikstücke, DVD-Filme, Daten oder Spiele intakt bleiben. SkipDR arbeitet so präzise, das Disks bei Bedarf auch mehrfach repariert werden können.

Included in delivery:

- Disc-Reparaturgerät mit FlexiWheel
- Regenerierungsflüssigkeit
- Trocknungstuch
- Poliertuch aus Filz
- Reinigungslösung
- Mikrofasertuch
- 6 AA Batterien
- Bedienungsanleitung DE, EN, FR, IT, ES, NL

D-Link DSL-321B ADSL2 and Ethernet Broadband Modem

Item No.:9382

The DSL-321B ADSL2+ modem is an affordable high-performance ADSL device for Internet connection. Using the ADSL2/2+ standard supporting up to 24Mbps download speed, this modem provides all the Internet speed that you need to establish a high-speed remote link to the outside world. The DSL-321B ADSL2+ modem supports "always on" connections to eliminate dial-up wait time and busy signals. Web surfing and your e-mail are instantly available, any time. Like any ADSL modem, it lets you access the Internet using your existing phone lines, without interfering with your voice phone service. You can talk on the phone and surf the net at the same time. Along with instant connectivity, you can surf the Internet at very high speeds. With high-speed connections, you won't have to wait for downloads of graphic-intensive web pages. These speeds are also ideal for on-line audio/video streams, Internet games, VoIP phone communication applications and transfers of large files over the Internet.

Specifications:**network data links**

LAN: 1 x 10/100 Mbit/s TP (RJ-45)

WAN: 1 x RJ-11 to link the splitter

ADSL-Modem

Reekin USB LED Light for Notebook

Item No.:446

The Reekin USB light is an ideal completion of your PC or notebook to work efficiently also in case of bad lighting conditions. No more key searching in the darkness or deciphering of notes. Easy handling turns the Reekin USB light into an assistant, which you will never want to miss again. Just put the USB light to a free USB port. Ready! Thanks to the flexible goose neck every place can be illuminated if necessary. By the use of a LED, the power consumption is minimal and does not impact the runtime of your notebook noticeably. No batteries, power supplies or cables necessary.

Specifications:

Overall length ca. 450mm
Neck diameter ca. 5mm
USB 1.1/2.0 compatible
Total diameter of LED with diffusion disk ca. 10mm
Useful for computer or notebook

USB DVB-T TV-Stick

Item No.:3035

This DVB-T stick is excellent for the TV on the road with the notebook. The small TV tuner is built in a very compact way; it weighs only some grams and fits in any pocket. It is also really suitable for stationary use. Compared to TV tuner plug-in card it is much easier to install: you don't have to screw the PC on, just put the DVB-T stick in a free USB slot and install the necessary drivers and the included TV software. It lasts mostly only five to ten minutes till the TV receiver is ready for use.

Specifications:

- Supports Windows 2000, XP, Vista, 7 32bit
- Full DVB-T bandwidth (6/7/8 MHz)
- Screenshots possible
- Program recording
- Supports picture-in-picture functions
- Supports EPG (Electronic Program Guide)
- Supports teletext

Included in delivery:

- TV-stick
- Antenna
- Installation CD
- USB cable
- Remote control

Easypix PixPocket Digital Photo Scanner

Digital Scanner PixPocket As its name suggests, this new scanner not only fits in every pocket, but it is also a real help in scanning photos and business cards. In just a few seconds, all information is being stored on an SD card and ready for transfer to a medium of your choice:

Digital Photo Frame, PC, laptop, etc

And here is the absolute highlight:

Thanks to the included OCR software, all information will be identified on business cards and according to the categories - names, addresses, web page, etc. - sorted and stored in an Excel file.

No need for typing and sorting:

PixPocket does it all!

Specifications:

Digital Scanner for Photos and Name Cards

Easypix CyberScanner Vision COMPACT

The best memories we have, unfortunately are not always digital – many are stored on slides or negatives. Pictures of our youth, old family photos, or the first snapshots of the children. These treasures of the past are much too good to let them gather dust in a box in the closet.

The CyberScanner Vision Compact is the solution for this problem! It is a complete 'stand alone' item and at about 400g, is so light that you can transport it easily from one place to another. The CyberScanner Vision Compact is fast, easy to use and with its 5 megapixel resolution (1800 dpi), it gives your pictures and negatives a new fresh luster.

The data are stored on an SD or SDHC card – so you can conveniently add to your digital photo album with the old slides.

Jay-Tech Wireless Cam IR-812Rx

This JAY-tech mini-size wireless surveillance solution offers security for inside and outside, day and night, the private or commercial offer. Without cables via the infrared images of the cameras are transferable to virtually any monitor (PC, TV, etc.). Whether children room or garage, from baby up to the burglars, day and night can be transmitted via 2.4GHz, the color image on almost any monitor. Thanks weatherproof housing and infra-red lamps at night and outdoors.

Specifications

- IR 812Rx - Set 1 plus 2
- 2 mini-radio monitoring
- Cameras - 2.4 Ghz
- for day / night - Indoor / Outdoor
- Complete = 2 x camera plus receiver
- Wireless receiver - 2.4GHz
- Night vision up to 7 meters
- Alloyed waterproof
- Camera Housing
- Built-in microphone
- up to 100 m outdoor reception
- for indoor and outdoor
- Receiver simply to monitor connect (TV, Palm LCD, ...)

Specifications:

Transmission frequency: ISM 2400 ~ 2483 MHz
Transmission power: 10mW
Operating frequency: 2414 MHz / 2432 MHz / 2450 MHz / 2468 MHz
Effective reception area: 100 m outdoors
Modulation Mode: FM
Operating temperature: -10 ° to + 50 ° C
Operating Humidity: 85% RH
CAMERA:
Sensor: CMOS
Pixel: PAL 628 x 582 / NTSC 510 x 492
Night vision range: up to 7 m
Dimensions: 45 x 78 x 83 mm

Weight: about 217g
RECEIVER:
Antenna: 50 Ohm SMA
Receive Sensitivity: -85dBm
Dimensions: 16 x 102 x 80 mm (135g)

***USB FlashDrive 4GB Super-Talent Pico-C Blister***

Item No.:1445

Super Talent Technology, a leading American manufacturer of storage media has at its PICO USD Flash Drives highest capacity packed into tiny enclosure. Each USB Flash Drive PICO is only half as large as a normal SD card, and thus smaller than the USB port on a USB cable. Embedded in a tiny but sturdy metal housing, they are shock-and waterproof and are even under the harshest conditions.

Specifications:

Weight less than 6g

Dimensions 31x12x3 mm

Gehäuse: chromium

Storage temperature: -20 ° - 85 ° C

Operating temperature: 0 ° - 60 ° C

Data retention: up to 10 years

Up to 30MB / s (200X) transfer speeds

Compatible with USB 2.0 and 1.1

Power supply via the USB port

Hot Plug & Play - no drivers needed

PICO-C: Water resistant

***USB FlashDrive 4GB Extrememory Snippy Blister***

Item No.:2251

This cool new USB Drive is perfectly suited for usage with notebooks. Due to its tiny dimensions it's possible to keep it connected to the computer all the time. Believe it or not - there are only 5 mm poking out of the slot! So Snippy does not jam even when putting the notebook into a carry case. With its cap on, the black and red USB Drive is nearly bigger than a 1 EURO coin. If you're not using Snippy, just put it into your purse or carry it at your bunch of keys where you can easily fix it with the included lanyard.

USB FlashDrive 4GB Range Rover Evoque Blister

Item No.:5990

Speicher für Autonarren: der Range Rover Evoque USB-Stick. Er ist dem Original im Maßstab 1:72 nachgebildet. Die Räder sind beweglich. Praktisch ist der "Click-Car-Stick"-Mechanismus: Der USB 2.0-Anschluss lässt sich unter dem Gehäuse versenken. Eine zusätzliche Schutzkappe ist daher nicht nötig. LEDs in den Front- und Rückleuchten des Autos geben dem Stick eine extravagante Note. Im Betrieb leuchten sie konstant, bei Zugriff auf das Gerät blinken die Scheinwerfer kurz auf.

Specifications:

Kapazität: 4GB

Gewicht: 9g

Abmessungen: 7 cm Lang

Kompatibilität: Alle PCs und Notebooks mit USB-Anschluss
(USB 2.0 wird empfohlen)

USB FlashDrive 8GB Extrememory Snippy Blister

Item No.:2252

This cool new USB Drive is perfectly suited for usage with notebooks. Due to its tiny dimensions it's possible to keep it connected to the computer all the time. Believe it or not - there are only 5 mm poking out of the slot! So Snippy does not jam even when putting the notebook into a carry case. With its cap on, the black and red USB Drive is nearly bigger than a 1 EURO coin. If you're not using Snippy, just put it into your purse or carry it at your bunch of keys where you can easily fix it with the included lanyard.

USB FlashDrive 32GB Super-Talent Pico-C Blister

Super Talent Technology, a leading American manufacturer of storage media has at its PICO USD Flash Drives highest capacity packed into tiny enclosure. Each USB Flash Drive PICO is only half as large as a normal SD card, and thus smaller than the USB port on a USB cable. Embedded in a tiny but sturdy metal housing, they are shock-and waterproof and are even under the harshest conditions.

Specifications:

Weight less than 6g
Dimensions 31x12x3 mm
Storage temperature: -20 ° - 85 ° C
Operating temperature: 0 ° - 60 ° C
Data retention: up to 10 years
Up to 30MB / s (200X) transfer speeds
Compatible with USB 2.0 and 1.1
Power supply via the USB port
Hot Plug & Play - no drivers needed
PICO-C: Water Resistant

USB FlashDrive 32GB Extrememory Snippy Blister

This cool new USB Drive is perfectly suited for usage with notebooks. Due to its tiny dimensions it's possible to keep it connected to the computer all the time. Believe it or not - there are only 5 mm poking out of the slot! So Snippy does not jam even when putting the notebook into a carry case. With its cap on, the black and red USB Drive is nearly bigger than a 1 EURO coin. If you're not using Snippy, just put it into your purse or carry it at your bunch of keys where you can easily fix it with the included lanyard.
